

CALL SCREENING

Call Screening allows you to create a list of up to six telephone numbers from which you do not wish to receive calls. You may either block selected numbers ahead of time or add the number of the last caller to your list, even if you do not know the party's number. Calls from telephone numbers on your list are sent to a voice announcement that informs the caller you are not receiving calls at the time.

To Use:

1. Press *60 (1160 for rotary or dial pulse telephones).
2. Listen to the voice instructions for the following

Steps:

Turn Call Screening on or off, press or dial 3. Make changes to your Call Screening list, see "Making and Changing Lists" in this section.
